## **BUCKSKIN HORSE ASSOCIATION OF MICHIGAN DRUG REGULATIONS AND POLICIES**

By entering a class in a BHAM sponsored show, an exhibitor and/or owner agree that their horse/pony is governed and subject to this rule. The exhibitor and/or owner also agree that BHAM will bear no liability for any loss unless caused by gross negligence of BHAM or its agents. All exhibitors also agree that the act of being selected at random for such testing does not reflect any pre-existing opinion as to whether or not an animal has been treated in a manner that is inconsistent with these rules. These rules and policies are intended to assure a fundamentally fair arena for competition.

No person shall administer, either internally or externally, before or during any BHAM approved event, any tranquilizer, stimulant, depressant, masking agent or any other medication or drug to a horse that may affect its performance or appearance at that event. Every exhibitor at any BHAM approved event shall be

subject to, upon request, the taking of a specimen of urine, blood, and/or saliva on a random basis. Refusal to comply with such a request shall be considered the same as if the horse was tested and was shown to be positive for prohibited substances and shall be grounds for immediate disqualification of the animal, exhibitor and owner from further participation at the BHAM approved event and will result in forfeiture of all awards and prize money previously awarded.

All samples will be secured and then forwarded to a testing facility at the expense of BHAM. If the laboratory analysis of urine, blood, and/or saliva taken from the horse indicates the presence of a forbidden drug or medication, this shall be taken as a prima facie evidence that such substance has been administered to the horse.

The owner, exhibitor or otherwise shall be responsible for, and be the absolute insurer of the condition of the horse he/she enters and exhibits, regardless of the acts of third parties. In any case where the laboratory report shows evidence of the presence of forbidden drugs, such person shall be deemed to have administered the forbidden drug under the absolute insurer rule.

In cases involving any BHAM approved event, it shall be the responsibility of the Show Secretary to forward to the Board of Directors in writing complete information regarding such incidents. The Board of Directors shall forward complete information in writing concerning such incident to ABRA and AQHA, as applicable. Where BHAM rules are silent, AQHA rules will apply and be enforced as applicable. The BHAM Board of Directors, after deliberation of the findings, has jurisdiction to bar the owners, exhibitor or otherwise from further participation in any BHAM affiliated event and require forfeiture of all award, prize money and points earned by any animal involved in any such incident.
